

On a clear night, go outside and look at the stars. If you have a smartphone, download a stargazing app. Share some facts about stars. A person with good eyesight can see as many as 6000 stars. The sun is the brightest and biggest star. They are grouped in clusters called constellations. Thank God for not only creating the stars, but also your family.

EXPLORE TOGETHER:

We can know God is real because of His creations and our sense of morality.

TODAY ADVENTURE KIDS LEARNED:

I am to live my life so others can see God is real.

NEXT STEP:

FAMILY THEME:

How Do We Know God Exists?
