

TAKE 'N TALK

Lesson 2 • September 13, 2020 GENESIS 1

HEARTPRINT: GOD MADE EVERYTHING

The Heartprint is the main Bible concept or truth that we want to imprint upon your child's heart. Repeating this Heartprint often may seem redundant, but it will serve as a vital aid in teaching this truth to your preschooler.

Application Verse: In the beginning, God created heaven and earth (Genesis 1:1).

Today your child continued to learn about the days of creation. Use the following ideas to involve your child in family time and learning opportunities, reinforcing simple biblical themes.

FAMILY TIME

Remind your child that the sun he or she sees in the sky is the very same sun God made on the fourth day. Explain that the sun rises in the east and sets in the west every day. Talk about the moon and the stars. Read a book about the different phases of the moon. Remind your child this moon is the very same one God created on that fourth day. Talk about the number of stars in the sky. Ask your child simple questions to review God's creations. **Who made the sun? Who made the moon? Who made the stars? Remind your child God Made Everything.**

If you live near an aquarium, take a field trip and explore all the different fish God created. Look at all the different sizes, shapes, and colors of the fish. If an aquarium is not feasible, go to your local pet store and talk with the worker about the many different kinds of fish. Also, take a walk outside to see how many different kinds of birds you can see. If possible, take binoculars so you can have a closer look at birds. Listen to the different sounds birds make. An additional option is to go to your local library and look at some books that show the many varieties of fish and birds. Explore the sea life and birds that inhabit other areas of the world.

Sing this song with your child to the tune of "He's Got the Whole World in His Hands."
**God made the world, yes He did.
God made the world, yes He did.
God made the world, yes He did.
He made it with His words.**

Pray with your child, thanking God for His many amazing creations. Ask Him to help you always remember He is the Creator of our world. The following is a rhyme your child uses in class to settle down for prayer time:
Open and shut them, open and shut them (open and close fingers),
Give your hands a clap (clap hands).
Open and shut them, open and shut them (open and close fingers),
Put them in your lap (put your hands together in your lap).
Even at this age, children can participate and learn to be still during a short prayer time.

Day 4:

Day 5:

God created the sun,
moon, and stars.

God created the fish
and the birds.

TEACHER/PARENT INSTRUCTIONS: Encourage the child to trace the words and circle the picture in each box that is the largest in each set.
Remind him or her **God Made Everything**.
